

Take customer experience to the next level.

Create and deliver personalized customer content with IXIASOFT CCMS.

Made with love, made for DITA

As global players in the software industry with more than 20 years of experience, IXIASOFT's love for DITA runs deep. Our enterprise-class component content management solution is based on the DITA standard, and guaranteed to streamline technical communication. Discover our on-premise and hosted deployment options.

Benefits for Everyone

EXCEED CUSTOMER EXPECTATIONS

Thanks to the granularity of structured content, you can deliver high-quality, personalized content to customers in any language on all platforms or devices.

CROSS-FUNCTIONAL COLLABORATION

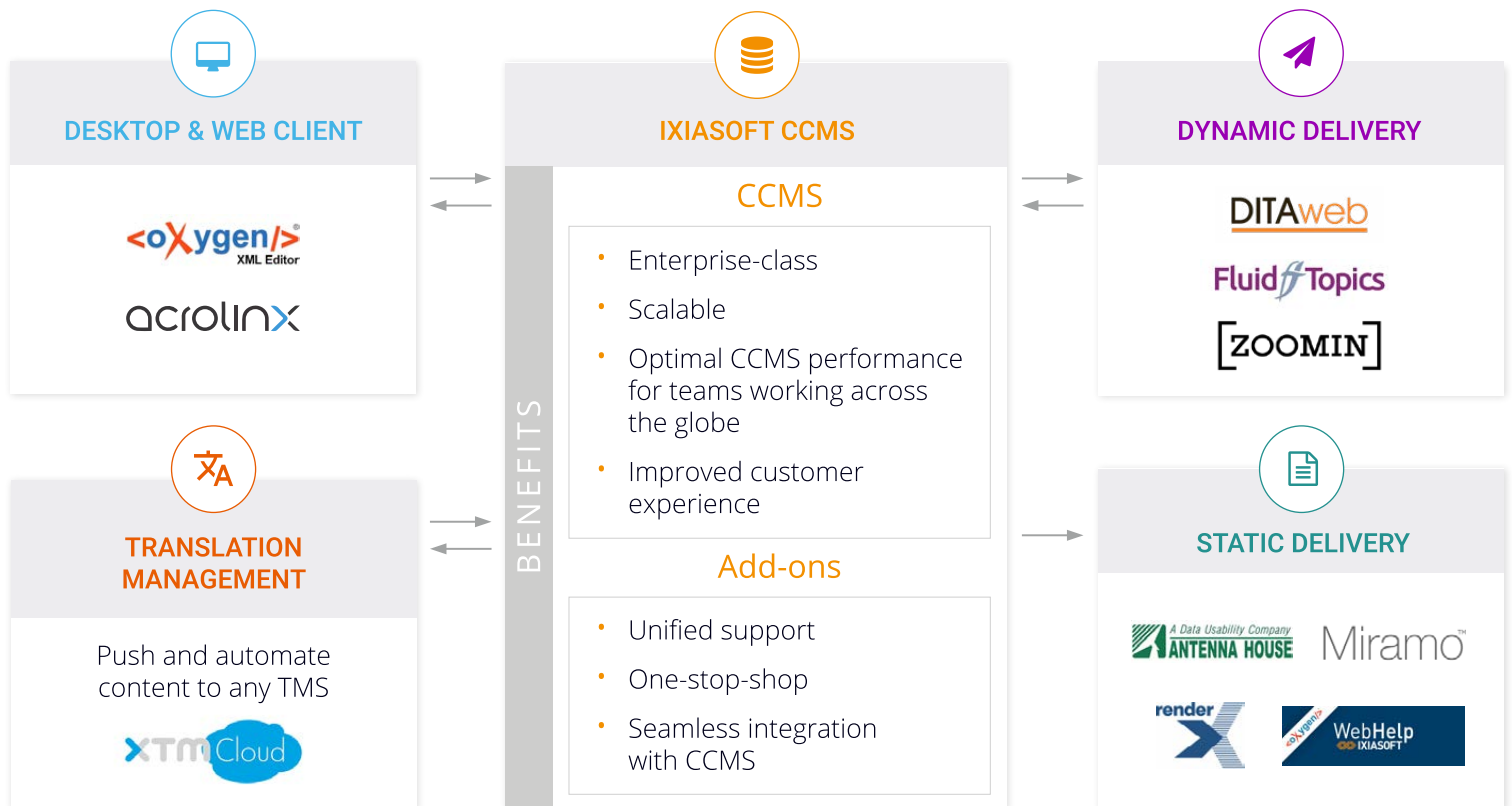

Teamwork is the secret to success. On a single platform, all team members, including authors, reviewers, SMEs, and localization managers can easily collaborate and contribute to technical content.

QUICKER TIME-TO-MARKET

Eliminate bottlenecks and increase competitive edge by optimizing your reuse strategy and simplifying the management of multiple product releases with IXIASOFT CCMS.

UNLIMITED SCALABILITY

Whether operating a small or large technical communications team, you can rely on our CCMS for its flexibility, no matter how much your documentation needs may grow. IXIASOFT is proud to work with leaders in industries such as: software, medical devices, semiconductors, telecommunications and heavy machine manufacturers.
